## YOEMEN OPEN SEASON WITH LOSS TO BULLDOGS

### SPORTS

HOW IT LOOKS  
FROM HERE

Cameron, Sept. 19, 1942.  
Dear Editor.

You printed in your paper that Frank Torno by himself whipped the McGregor Bulldogs Friday night. You talked as if Torno was the only man on the team.

If it wasn't for the line what would your man Torno do? The man who called the signals called them for Torno, and no other man had a chance, but you still give all the credit to Torno, and none what so ever to the line. If you were playing football and sprained an ankle, how would you feel if someone said you leaned against the line. This is not Crosby writing. You would not like it neither does he. So give some credit to the line.

A Yoemen Fan.

Torno's remarkable showing was nothing short of the best display of football this scribe has seen in Yoemen history. The Temple Telegram of Monday says substantially what the Herald said. No one is trying to detract from the line. It did a swell job and we so stated in the news report of the game, giving names of the linemen.

Cosby will have a chance to prove himself before the season is over, provided he does not have an injury complex, or the actual injury is worse than we think. In any case when Cosby or any other back does what Torno did he will make the headlines with a bang. Let's have more headlines Friday night when we play Caldwell and less sprained ankles if possible. All honors to Cosby, to the linemen and to every Yoemen who goes along with Torno.

Sign your name next time you write this column. Otherwise it will not be printed.

It would be far better to abandon all hopes or even efforts to win the game against the Caldwell Hornets Friday night than to call upon Frank Torno to do what he apparently had to do in the game against McGregor. After all there is a limit to human endurance as well as sportsmanship when it exacts too much.

This should illustrate to the average Yoemen fan just how futile it is to expect a good football team. No coach or team can get very far without a full back. That's the current problem. Also there is the problem of half backs as well and there is the problem in the line from one end to another. No team is stronger than its reserve on the bench for the law of averages will take its toll of injuries from any squad.

We hope those weeds are cut down from in front the stands before Friday night. Small children are apt to get lost and then folks can't see unless they get 20 rows up.

### YOEMEN 1942 SCHEDULE

Caldwell, September 25, here.  
Rockdale, October 2, there.  
Georgetown, October 9, there.  
Hearne, October 16, here.  
Taylor, October 23, there.  
Killeen, October 30, here.  
Belton, November 6, here.  
Marlin, November 13, here.  
Rosebud, November 20, here.

Watching the team work out Wednesday afternoon brought little encouragement. Faced with the smallest number of men in his entire coaching career here, Coach Wood, has in addition no assistant coach. Last year he had two assistant coaches. The Yoemen B Team has no coach. It would not be surprising if in the future we face a very critical situation with no football material coming on.

Those high weeds growing up in front of the stands and the generally sorry appearance of things seemed to fit in with the appearance of the

## WE LOSE SCORE BUT RUN AWAY WITH GAME

His name is Frank Torno.

If he didn't kill himself last night in the most brilliant display of the flaming football heart ever seen on a gridiron in Central Texas, you will hear a lot about him in days to come.

Never in the history of Yoe High School has anything like this come along. The Yoemen were a one man team against McGregor. They won everything except the game, statistics, sheer fight, the stands and even the opposing team.

Many times during the last half when it seemed that Torno would, in spite of the greatest odds a boy ever fought against, actually win the game, the opposing team crossed over to give him a pat on the back. Yes, it was a thriller and little Frank Torno is safely tucked away in the Yoemen hall of fame, if he never puts on another uniform.

Except for a brilliant 20 yard run in the closing minutes of the game by Rettig, it was all Torno.

McGregor scored the lone touchdown which represented the margin of the game, in the first two minutes of play. It came on a pass from Jenkins to Arbuckle. Just about every Yoemen got a hand on the big McGregor boy as he sliced all over the

## MRS. GEORGE ROGERS BURIED AT CLARKSON

Funeral services for Mrs. George Rogers were held Wednesday afternoon at 4 o'clock at Clarkson.

Mrs. Rogers died in Houston on Tuesday and the body was brought to her home at Clarkson. She was a sister of Jim Adams and Ed. Adams of Cameron and before her marriage was Miss Willie Adams. She was reared in Cameron.

George Rogers, husband of deceased, died several years ago. Mrs. Rogers was a member of the Baptist church.

Mr. and Mrs. Oscar Adams of Waco attended the funeral and stopped in Cameron for a brief visit.

## NAZI THROWN BACK ON LONG BATTLE LINE

In the most encouraging report since the siege of Stalingrad the Russians Thursday announced that their armies have taken the offensive everywhere and in Stalingrad have whipped the Germans to a standstill and recovered territory in the steel city.

At three separate points on the far flung battle line the Reds have struck counter blows of telling effects. In Stalingrad alone in the last 24 hours 13,000 Germans were slain.

The battle in Stalingrad has become so intense that the smoke obscures the city from the sky and aircraft, especially the German dive bombers have been withdrawn temporarily from the fight.

The Germans are advancing against Russian concentrated fire and their bodies are choking the streets. It was the kind of war the Germans eventually will crack under. Military experts believe that Hitler will not be able to realize anything worthwhile from the attack on Stalingrad. Thousands of his picked troops have been sacrificed.

The Russian army had amazed the world as the siege went into its 33th day.

## Stanton Dossett Is Commissioned In United States Navy

Stanton Dossett, former business man here and now a resident in Shreveport, La., has been commissioned a Lieutenant, Junior Grade, in the United States Navy.

Lieut. Dossett will report to Princeton University on October 5th to begin training for service.

### Chief Pharmacist

#### SGT. EDWIN SCHILLER

Promotions have been rapid for Sgt. Edwin Schiller who is now Chief Pharmacist in the United States Army and located at Camp Crowder, Mo.

Sgt. Schiller is a graduate of Yoe High School in Cameron and a son of Mr. and Mrs. E. O. Schiller here. His father is a Pharmacist and owns the Schiller Pharmacy.

Sgt. Schiller after graduation from high school here attended the University of Texas where he was graduated from the school of Pharmacy receiving his degree. He was inducted into service in August 1941 and is now Chief Pharmacist at the hospital at Camp Crowder, Mo.

He first entered service in San Antonio and from there was sent to Camp Grant, Ill., later to Fort Snelling, Minnesota.

He is 23 years of age and graduated from the University of Texas in June 1941. Sgt. Schiller likes the army and will return to his father's drug store here when the war is over.

## DESTROYER AND NAVY TRANSPORT ARE LOST

The Navy Department in Washington announced Thursday that 272 officers and men aboard a destroyer and a naval transport had lost their lives, presumably in the south Pacific.

The Destroyer Jarvis with all aboard were lost and the auxiliary transport, Little has been lost with all aboard.

The sinkings are attributed to Japanese action in the Solomons area.

### Serves In Army

#### CPL. HENRY HELPERT

Corporal Otto Henry Helpert is with Company B 143rd Infantry in the 36th Infantry Division and was last noted was stationed at Camp Blanding, Florida.

Corporal Helpert was born and reared on a farm in the Burlington community and is the son of Mr. and Mrs. Henry Helpert, Sr. He attended St. Michael's Parochial school in Burlington and completed his last two years of high school in Rosebud where he graduated in June 1935.

He entered the United States army in January 1941, and was first stationed at Camp Bowie at Brownwood. After a year at Camp Bowie he went to Camp Blanding in Florida, near San Augustine where he was advanced to Private First Class and in the early spring of 1942 was made a Corporal.

Corporal Helpert has taken part in extensive maneuvers in three states, Louisiana, Alabama and Georgia. He likes army life but says Texas is the best state of all he has seen thus far.

Lieut. Raymond Helpert is in the Chemical warfare service in the Panama Canal Zones.

### Sgt. At 19 Years

#### SGT. KENNETH WEEMS

Sgt. Kenneth Weems enlisted as a volunteer in the United States Army in September 1940. He became a Sergeant at 19 years of age and is one of the big reasons why Uncle Sam has a hard hitting army.

When last heard from Sgt. Weems was at Camp Claiborne, Louisiana. Aside from complaining of the extreme summer heat in the Pelican state, he likes the army fine and says he is training as fine bunch of men as any army ever had.

Sgt. Weems is the son of Mr. and Mrs. Marshall Weems of Cameron, was born and reared here and has many friends who will be glad to know of his advancements in the army.

He has been in the army more than two years and is ready for the big job ahead.

Sgt. Kenneth Weems whose photo appeared in the Daily Herald on Tuesday is now in England.

Marshall Weems, father of the Sergeant, said that he had just received a letter from his son and that he is now in England. When last reported on he was on maneuvers in Louisiana, but since that time which was in the summer he has arrived in England.

He is with the 347th Medical Engineers.

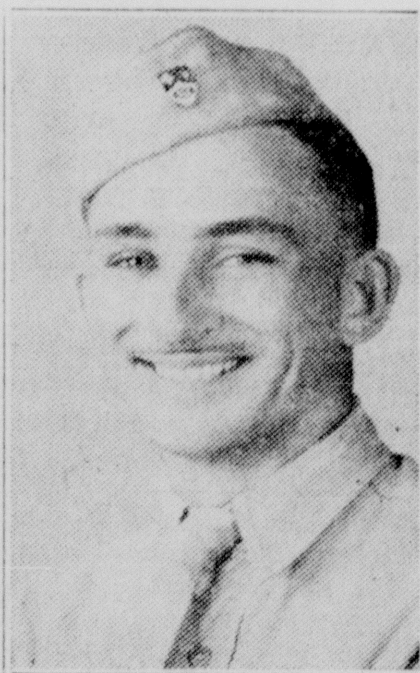

## Pears 34 to Bushel Sold in Cameron

Pears, 34 to the bushel, were brought in by H. B. Pressley to the Whatley Grocery Saturday.

### Expert Rifleman

#### CORP. CONRAD KOLODEJAK

Corp. Conrad Kolodejak has qualified as an expert rifleman and has been in the army for almost two years. He volunteered in October 1940 at Fort Sam Houston. That winter he spent much time at Camp Bullis, Texas, on the rifle range. He was then a Private First Class.

Corp. Kolodejak not only qualified but won a rating of expert with the new Improved Browning automatic rifle. On January 6, 1941, he was promoted to Private First Class. Since that time he has added more points to his Expert Medal such as bayonet, hand grenade, 30 calibre semi-automatic rifle, 45 calibre pistol and 30 calibre light machine gun.

He was with the 23rd Infantry at Fort Sam Houston. In June 1942 he was promoted to Corporal and made an instructor with the automatic rifle for new recruits who have not fired or had experience with the rifle.

Corp. Kolodejak is a volunteer and the son of Mr. and Mrs. John Kolodejak of Cameron.

## CITY WAR BOND RALLY HERE MONDAY NIGHT

Cameron's War Bond Rally, arranged to stimulate sales of bonds and stamps to bolster the lagging effort here, will be held Monday night at the Athletic Field.

A meeting of the committee was held Wednesday night and plans were made. The rally is to be held beginning at 8:30 and business houses are being asked to close during the rally from 7:30 to 10 p. m.

It is expected that every citizen in Cameron will be on hand for the rally. A large section of the stands will be reserved for parents with sons in the service.

## MILK CRISIS AVERTED FOR A SHORT TIME

The milk crisis in Cameron was somewhat mitigated today when it was announced that Chamberlain's Dairy had agreed to continue to deliver milk for a few days in October in order to give more time for the government to make up its mind on the request for a price increase.

Mayor Leland Green announced this morning that the city had obtained an agreement with Mr. Chamberlain to continue milk sales for a limited time and until word has been received from the government.

Mr. Chamberlain has not agreed to deliver milk indefinitely but has agreed to wait a few days longer.

Mayor Green hopes to be able to get the matter settled and has had some encouragement from the government.

## Wild Rumor Sends Car Owners to Gas Stations in Night

Cameron night service stations were trying to restore gasoline stocks Thursday following the rush of gas buying last night.

A radio report that no one seems definitely to trace sent motorists scurrying to stations all over Texas. Traffic was a problem in the Houston and Galveston areas.

Telephones were ringing and neighbors here sought to get the news around. Some not only filled their car tanks but got extra containers and filled them also.

The rumor, a false one, said gasoline rationing would begin at noon Thursday. People are warned not to pay attention to such rumors.

### DIES IN CORPUS CHRISTI

L. R. Willis, father of Mrs. James L. Coleman, died at 10 p. m. Wednesday at his home at 313 Cole Street in Corpus Christi. Funeral services will be held there late Thursday or Friday. Mr. and Mrs. Coleman left Cameron early Thursday.

## A. F. Mitchell Here Wednesday; Still Likes Old Milam County

A. F. Mitchell of Corsicana, was in Cameron Wednesday visiting with friends of other days. He still has a warm place in his heart for old Milam County and never overlooks an opportunity to serve the people here in influential contacts throughout the state.

Mr. Mitchell was one of the outstanding supporters of Beauford Jester, for the railroad commission and was happy to see Milam give Jester a good majority.

Mr. Mitchell was formerly county engineer here. His vast interests throughout Texas keeps him very busy but he always manages to drop by Cameron and visit old friends.

## 4-H Encampment for Negro Farm Boys to Be Well Attended

Reports from over the County indicate that 4-H encampment which was postponed from Sept. 25-26 will be well attended.

Speakers on Saturday program include Judge Jeff T. Kemp, L. Van Perkins of the Chamber of Commerce, H. S. Estelle and E. B. Vans of Prairie View Extension Staff, J. B. White, Chairman Draft Board and others.

Awards will be made during this encampment to boys winning in the crops contest.

## LIEUT. FRANK NEWTON IS A PRISONER OF WAR

Lieut. Frank M. Newton, reported missing in action since early August and subsequently reported safe after his B-24 Liberator Bomber had been forced down into the Mediterranean Sea, is now a prisoner of War and a captive of the Germans.

Mrs. W. K. Newton, Sr., mother of the American flyer, has just been advised by the War Department of Lieut. Newton's fate.

Lieut. Newton was last seen as three German planes attacked his bomber. The Lieutenant's ship which he had named The San Antonio Rose, was losing altitude but was under perfect control and made an emergency landing on the waters somewhere in the Mediterranean. A message subsequently received from the war department said that a small vessel was seen approaching the stricken bomber about 3 miles away. Later information said that Lieut. Newton and his entire crew were fished out of the water by the German ship and all were saved.

The communication from the office of the Adjutant General received here late Tuesday revealed that Lieut. Newton is now a prisoner and held by the Germans. In accordance with the Geneva Convention with respect to interchange of information regarding prisoners of war, the war department in Washington has been notified by the government of Switzerland, that Lieut. Newton was taken prisoner.

Communication with the Lieutenant may be made by relatives through the American Red Cross.

The letter indicates that when Lieut. Newton left his base in Lakeland, Florida, he went to New York and from there to the British Isles. From England he flew to the battle front in Egypt and had taken part in a number of air battles over the lines of General Rommel in Egypt.

On the day of his disappearance, Lieut. Newton was engaged in battle over the Mediterranean. He was attacked by three German planes and his bomber, The San Antonio Rose, which he had named the ship placed at his command by the Air Corps and his own ship, was badly damaged and forced down.

Word to the family here said that he was missing in action.

Later a communication was received officially confirming the report. Another message came that the flyer had been located and was safe. Official confirmation bore out the facts and it now officially established he is a prisoner of war.

Mrs. Newton, mother of the flyer, received a letter from Mrs. Reuter, wife of Major Reuter who is in African with the Air Corps and in the command of Lieut. Newton.

The letter from Mrs. Reuter is in part as follows:

"I am writing this letter to you because both Chris and I are so very fond of Frank. I have had a number of letters from Major Reuter since Frank's mishap and I thought you would be interested to hear. In the letter I had dated August 27, Chris told me the "San Antonio Rose" was at the bottom of the Sea but Newton and crew were saved, although he hadn't seen him. (The San Antonio Rose was name of Frank's ship.) Yesterday I had another letter dated Sept. 3, saying the enemy fished Newton and crew out of the water and they were now prisoners of war. I know you hate to think about that but it is better than being dead. I have talked to some high ranking officials here and they say the enemy treat their prisoners just like we do ours and there isn't anything to the bad stories we hear. Before very long maybe they will start trading prisoners and then Frank will be back. You know they do that. I have hesitated in writing you this but if it were me I would want to know.

"Major Reuter wrote he missed Frank very much and hoped he made it. I think Frank is quite a favorite of his. He chose Frank to fly across with.

"I hope someday I may have the opportunity of meeting you and in the meantime don't worry as I am sure everything will come out for the best."

Howard Stafford who has been with the theatres here for a number of years, has accepted a position with the Signal Corps Property Office at Camp Hood. He will have charge of the films and projectors used in the training of the officers and men of the camp.

## NOTICE

### TO MILK CUSTOMERS:

On September 30th I will discontinue the sale of milk in Cameron.

We regret exceedingly that circumstances force us to take this step but we are faced with a condition that makes any other decision impossible.

We have done everything possible and exhausted every means at our command to remain in business.

Our petition for an increase in the price of milk has not been acted upon. If we are successful in getting the increase which would enable us to continue we will be glad to do so, but this notice, unless rescinded will be our way of informing our customers we will not be able to deliver any more milk after September 30th.

After 16 years in business this is our most serious step and we regret more than we can tell you the necessity to quit the retail milk business. We want to thank each loyal customer who through the years has patronized our dairy.

## 30 LAND OWNERS ASK SOIL CONSERVATION

"Thirty landowners in the Clarkson community have made application for assistance from the Central Texas Soil Conservation District in planning and installing erosion control practices on their 4,238 acres of farm land," states Edwin F. Fischer of Buckholts, who is a member of the District Board of Supervisors. "As soon as the Clarkson community is designated as a priority area for soil conservation work by the Board of Supervisors, mapping soils and farm planning by SCS men located at Rosebud will start immediately," continued Mr. Fischer.

"Interest among farmers in conserving and building up the soil on their farms has rapidly increased in Milam, Falls and Bell counties since the Central Texas Soil Conservation District was organized," says Mr. Fischer. "SCS farm planners and engineers have been located at Rosebud and Temple to give assistance to all landowners and farmers having land within the District boundaries."

Twenty one landowners in the Buckholts community have had help from the District in soils mapping and farm planning or erosion control and wise land use. There are 18 other landowners who have made application for assistance and will receive help in the near future.

In the Burlington community, ten landowners have agreed to co-operate with the District in conserving and building up their land. Eight others have requested assistance.

Joe Geiser, who owns a farm east of Burlington, is a District co-operator and has recently built some good terraces which have been a big help in keeping his farm from washing away. To date there are 103 landowners in the District who have requested assistance in controlling erosion on 20,411 acres of farm land.

Help from the Central Texas Soil Conservation District may be had without charge. Landowners who want this help should request their area or community be set up as a priority area for soil conservation work. Information on how to do this may be had by seeing or communicating with Edwin F. Fischer of Buckholts or J. W. Stufflebeme, Jr., County Agent at Cameron.

Clerk, District Court, Milam County.

### DIES AT LIBERTY

J.K. Miller, pioneer citizen of Milam county died at his home at Liberty Thursday. Funeral services were held at 9 a. m. Friday at the church at Liberty.

Mr. Miller settled in Milam county many years ago.

F. G. Blake, Judge Jeff T. Kemp and wife, L. Van Perkins, Mrs. Joan A. Smith, Mrs. John A. Smith, Jr., Mrs. August Gurecky, Miss Bess Marak and sister, Alvin Marak, M's. Leo Laake, Mrs. Leon Stecher were among those to attend the dedication of Camp Hood at Killeen Friday. It was reported that 25,000 people witnessed the dedication and maneuvers.

Mr. and Mrs. W. A. Bonds visited in Temple Friday afternoon.

## SCRAP DRIVE TAKING ON MOMENTUM HERE

Cameron's scrap metals drive was getting a real boost here Friday as many called in for trucks to haul the scrap to the concentration point.

Mayor Leland Green could not be contacted this afternoon and it was not known how many tons have been collected. Dan Tyson, City Secretary and Treasurer, said he had received about 25 calls Friday.

At least two Cameron patriots had donated electric stoves. This equipment when dismantled yield valuable metals.

It has been suggested that a man be detailed to hunt for scrap metals in all sections of the city. At least one week should be given to this job and for which pay should be authorized. On many of the vacant lots in Cameron there are thousands of pounds of metal. With no one living at these places telephones are of little value. What the city needs at this moment is a personal canvas, block to block. In this way and only in this way will the drive be anything like maximum successful.

At the last report 30,000 pounds had been reported. It was believed the amount now may be well over 50,000 pounds.

The goal has been set at 100,000 pounds and can be reached if a canvas is made and proper attention given to this detail.

Mr. Tyson said he would likely be able to give a report on Monday.

Mrs. Carson and Mrs. Kolbrook, teachers at Two Mile school, transacted business in the County Superintendent's office Saturday.

## Special Service Held For Colored Draftees At Local Negro Church

A special service for negro drafttees was held at Bethel church in Cameron at 11 a. m. Sunday. Many responded along with relatives.

Rev. Cranshaw, pastor, told the men in service to make good soldiers and to honor the uniform they are wearing. Wednesday the draftees were entertained with a splendid program and served refreshments.

Many members of the church and citizens attended. Sunday is a special prayer observance day and the subject of the sermon will be: "Who Started the War and What Bethel Must do to Bring Victory."

Rev. F. D. Cranshaw, Pastor.

Carl Merkord and wife of Thornedale transacted business in Cameron Friday.

Sam Perry, Chairman of the Ration Board, of Rockdale transacted business in Cameron Friday.

### Thrift May Be A Plodding Virtue—

but it will lend wings to victory. Thrift will buy the Bonds that will buy planes, tanks, guns and ships to win the war.

Thrift, as we have been practicing it for more than forty years, has again become a national virtue... and a vital necessity.

There has never been room for waste in Penney stores. And there is no room for waste in a nation that intends to win its war. Penney's is thus able to make an important contribution to your savings for the war effort.

Thrift, though a plodding virtue, lies at the very heart of success in all important enterprises... from storekeeping to war-winning!

## STALINGRAD STILL IS HELD BY TIMOSHINKO

Red army troops have counter attacked at Stalingrad and have driven the Germans out of the city into which they had carried with two wedges driven in the Russian lines.

The Russians under Timoshenko have been reinforced with the arrival of army units from Siberia. Faced with the alternative of counter attacking or surrender the Reds have attacked in an amazing display of strength.

It was reported also that Russian Siberian troops have been sent into the Caucasus mountains fight.

The heralded Hitler statement had not come up to noon Friday. It was believed he had timed his statement to coincide with the capture of Stalingrad which his armies have not been able to accomplish.

The Daily Herald heard that new waves of unrest were moving over the

conquered countries. These were calculated to index belief that a second front was about to be opened.

A new American convoy of troops have arrived safely in the British Isles.

The British have landed reinforcements in Madagascar.

Still the report persists that a large scale sea battle is in the offing in the Southwest Pacific.

### TORNO

(From Saturday's Daily)

field for the pay dirt. The energetic Yoemen line blocked the punt.

A bad pass from center to Torno in the opening moments of the game got the team in a hole. The wind was driving in from the south and the punt shot straight up and down on the Bulldog 35 yard line. Two bucks at the line failed to gain and Jenkins stepped back to shoot a perfect pass to Arbuckle in the flat zone and the McGregor ace staged a fancy hide and seek with the whole Yoemen team to get across.

After that it was Torno vs. the Bulldogs. Billy Cosby, 175 pound fullback who hurt an ankle, got a lot of exercise going in and out of the game but made not showing. Once when they needed 3 yards he took the ball and merely leaned against the Bulldog line. It was no good and the Yoemen lost another chance to win.

Based on statistics the Yoemen should have won by 3 touchdowns and maybe more. Batte at center could never seem to get his passes going. It was at critical moments when they seemed most to go askew and Torno

was forced to chase back and cover up.

The Cameron line yielded little. Coach Wood when seen at the Gym Saturday morning couldn't say enough for those kids, some of them new comers to the rugged sport. All district George Michalka at end was a standout and so was Frank Slavik at left end. He was the Captain for the night.

Torno did a lot of good passing and on the receiving end was George Michalka, Frank Slavik and Albert Rettig.

Torno completed 5 of 8 passes for a total of 92 yards and if the distance he gained in carrying the ball were subtracted from here to Tokyo we'd be able to hit Hirohito with a hammer.

McGregor was held to 2 first downs while Torno made nine.

Three times in the third quarter did the Yoemen threaten to score. Twice in the second quarter the ball rested so many times on the Bulldog goal line it had a nice coast of chalk when it finally went over as Slavik failed of a pass on fourth down.

There's no discounting the work of

the McGregor line. It was just about all that kept the Yoemen out of pay dirt.

Darrell Tindall who comes along in the footsteps of Cecil Tindall who captained the Yoemen two years ago, was a good lineman at left tackle. For rugged play LeRoy Stecher who was one of the outstanding linemen in the district last year, was equal to any. Flirsh Ermis and Monte Angell at guard positions were responsible in large measure for the stout defense that made the Bulldogs go into the air. Frank Hrozek and Robert Riddle alternated at quarterback. They got a big hand from Coach Wood at the Gym Saturday. Both are new comers, especially Riddle who was playing his first time under fire. The Yoemen may have a first rate field general before the season is well advanced.

Billy Cosby who caused hopes to rise as a full back, was taunted by the Bulldogs. Sitting on the bench, nursing an ankle injury he was cat-called and challenged by Bulldog linemen but could do nothing about it. Yes, the Yoemen needs a fullback and needs him bad. Will Cosby come through? That's the big question and on the answer to that question depends the chances of the Yoemen to go places in this district race.

Here are some additional statistics on the game submitted by Willis Dismukes.

The Yoemen lost their first game of the season to the McGregor Bulldogs by a score of 6 to 0 in a game played on McGregor field Friday night.

Frank Torno of the Yoemen had a field day against the Bulldogs by personally carrying the ball twenty one times for a net gain of 103 yards. Torno passed the ball 8 times for a net yardage gain of 92 yards. Torno was within the 10 yard line 3 times only to loose the ball on intercepted passes. One drive bogged down on the 2 yard line.

The Bulldogs penetrated the twenty yard line only one time and that was on the scoring play in the first 2 minutes of the game. The scoring play originated on the 25 yard line when Spradly threw a 15 yard pass to Arbuckle who printed the remaining 10 yards for the touchdown.

Cameron made 9 first downs to 2 for McGregor. Cameron punted 2 times for an average of 20 yards. McGregor punted 7 times for an average of thirty three yards.

The game was officiated by R. F. Blaisdell (Chicago) referee, Homer Graham (Arkansas) field judge and Dwitt Park (Baylor) head linesman.

### SPORTS

(continued from page one)

team. Except for a few promising men the Yoemen are not at all promising. They are small and inexperienced and were rather listless in their work out.

All in all we get the impression the sands in the glass are about to run out for us. Over a long period of time much has happened to discourage football. Where the fault lies is another story.

Chances of the Yoemen winning against McGregor "took a dark turn" when 175 pound Billy Cosby got an ankle turned when Joe Bill Heath put a body block on him as he returned a punt. Cosby lay on the grass on his stomach with a far away look in his eyes. We heard that it is just a matter of whether he likes football or not whether he will give the account of which he is capable. No team ever progressed far on the quirks of a football player.

Frank Torno in the backfield, will in our opinion be the mainstay of the backs. He gets the punting assignment and is kicking them good. You can't take the foot out of football. Torno is a good ball toater and was above fair in his passing last season. George Michalka all district end last year is back. He is the most promising man in the line due to his experience. On the other end of the line is Joe Bill Heath who contests with Frank Slavik a new comer who is extending himself for a place in the line.

Bob Salach who somehow has elected not to go to school this year after a whirlwind work out with the San Marcos Teachers will be sadly missed at center, but Billy Joe Michalka who scales the total of 140 pounds is working hard.

The entire squad of 20 men will leave the Gym at 5:30. Some who will see action for the first time are Moye Burnett at guard; Woody Riddle at guard; Ernest Ehler at tackle; Lane Harwell at tackle and Billy Joe Michalka at center.

The probable starting lineup will be: Frank Slavik, left end; Darrell Tindall, left tackle; Flirsh Ermis, left guard; Clyde Batte, center; Monte Angell, right guard; Leroy

Stecher, right tackle; Geo. Michalka, right end; Frank Hrozek or Robert Riddle, quarterback; Albert Rettig, left half; Billy Cosby, right half; Frank Torno, full back.

Clyde Batte who subbed in at center last year gives the pivot position promise. Leroy Stecher was a first string tackle last year. His play will do much to give the Yoemen a chance in the District.

Gloom, as heavy as any since 1936 when Jimmy Stewart, crack end of the Yoemen, became ill just before a crucial conference game, spread over the Yoemen barracks today as two mainstays of the replacement strength of the team were out with injuries.

Frank Hrozek, quarterback, has a broken leg. A bone in the leg was discovered broken when an x-ray was made Tuesday. He was hurt in the game against Temple and was limping badly in the game with McGregor, though he did a fine job at quarterbacking.

Lane Harwell has a broken arm. Harwell was hurt in practice here Monday. Just how bad his injury will prove to be was not immediately known. It was believed the break many mean a fracture but he is certain not to be in the line up when the Caldwell Hornets come Friday night.

Loss of both Hrozek and Harwell will greatly handicap the team. Their chances for victory over Caldwell will depend on how well Billy Cosby

is coming along. Much is expected of Cosby, the 175 pound hope for a full back to balance the Yoemen backfield. He was out of the McGregor game because of a sprained ankle.

Coach Wood was just about as calm as anybody could be under the circumstances. Ball games are won in the year before the season opens. Everyone knows that. You gotta have men to play football. So with a gap in his replacement line the Coach is doing the best thing possible, saying nothing but getting his squad in the best frame of mind for the hard game ahead.

Caldwell and Rockdale played to a scoreless tie last Friday night. Caldwell should be tough this year and are favored to win over the Yoemen at this writing. Tomorrow it may look different.

Here's what Dismukes reports: "Due to the loss of the B string coach this year there is very little prospect of the line receiving capable reserves from this source. Formerly the best B stringers who were eligible might be transferred back to the A squad before they had played their first game. There are only eighteen men in uniform Friday night. Coach Wood reports this is a great handicap."

Miss Wanda Rose Adam left Monday for Georgetown where she will enter school for another term.

## CHRISTIAN SCIENCE SERVICES

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 27.

The Golden Text is: "Thou, O Lord, remainest for ever; they throne from generation to generation" (Lamentations 5:19.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Keep thy heart with all diligence; for out of it are the issues of life." (Prov. 4:23.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We must form perfect models in thought and look at them continually, or we shall never carve them out in grand and noble lives." (Page 248.)

## MILK SITUATION HERE GROWS MORE CRITICAL

The milk situation in Cameron grows more critical and the government is to blame.

Early Tuesday the officer of Price Administrator was contacted. They had not heard of any petition for an increase in price being filed from Cameron.

After the City officials here had advised the director, he made a search and found the request for an increase filed sometime ago by the Chamberlain Dairy.

Frankly, it was said, the office does not look with favor upon any increase in Cameron for milk price. A survey of similar localities shows, they said, that money can be made at 12c per quart. The officials were entirely courteous about the matter and said they would contact the higher up branches of the vast maze of administrative red tape and see if anything can be done. The petition was filed a month ago.

No matter what the profit angle is in the milk situation Mr. Chamberlain is going out of business. This is the second large dairy here to quit. The government makes it possible for these dairies to sell their milk whole sale and they can get tires for that but none for retail delivery.

Mayor Green found some encouragement in the report from the OPA on the milk crisis. He said that he felt there is some encouragement and that something will be worked out. "We are doing everything possible right now to relieve the milk shortage."

## Scrap Drive Will Be Continued for Week

Cameron's drive for scrap metals for war purposes will be continued another week, it was announced Tuesday by Dan Tyson, City Secretary and Treasurer.

There was no figures available on the tonnage collected during the past week and there may be no information available on this for some time, not until the drive has been completed.

If continued another week the tonnage should be large if the city will adopt and follow the canvas method.

Mr. Tyson said that a number of telephone calls had come in Tuesday and these have been given to the city tripeks.

There was no information on the amount of metals bought by commercial dealers during the drive. All scrap donated will be sold and the money given to the Red Cross.

Mayor Green who returned from Houston on business yesterday said this afternoon that already 16 calls had come in Tuesday from people who want to donate scrap. "We will continue the drive here for the week," said Mayor Green.

Indications were that wide response would be had this week as people gradually summed up the importance of the drive. A number have given electric stoves.

Mr. and Mrs. O. T. Malone are visiting her mother, Mrs. J. K. Miller in Bryan.

E. G. Stiles of Thorndale transacted business in the County Judge's office Wednesday.

Lynette Hillyer, who is employed in a Navy yard in Washington, D. C., is visiting her home here in Cameron.

## NEWS FROM MINERVA

Mrs. G. C. Lucas accompanied Mrs. A. W. McCullin of Cameron to Dallas on Friday where they were guests of Misses Gladys and Margaret Lucas. Margaret and Gladys returned home with them. Gladys returned to Dallas on Monday and Margaret visited until Thursday with her parents, Mr. and Mrs. G. C. Lucas, before leaving for San Diego where she will become the bride of Chester Joseph Ames, S. K. 31c, who is at the U. S. Naval Training Station.

Mr. and Mrs. E. F. Whites and son, and Mr. and Mrs. Chester Arnold and son, of Austin spent the past week end with their parents, Mr. and Mrs. C. E. Whites.

Mrs. Andrew Jenkins and children spent last week with her parents, Mr. and Mrs. Robert McGuire at Hearne.

A social event of Monday was a miscellaneous shower honoring Miss Margaret Lucas bride elect of Chester Ames, at the home of her sister, Mrs. Denton House. To the strains of Bridal Chorus from Lohengrin, with Mrs. House at the piano, Sandra Jean House and Grover Clay McCullin attired as bride and groom, pulled in a wagon laden with gifts and presented it to the honoree. The wedding was labeled "Margaret and Chet." After the many lovely gifts were viewed, the guests participated in two contests in which Margaret Lucas was winner. A highlight of the afternoon was the toast to the bride, written by Mrs. B. F. Cone and presented by Mrs. Eddie Bryant. Light refreshments were served to nineteen guests.

Mrs. Edna Oram of Houston is visiting Rev. E. B. Smith.

## ONLY REDS FIGHT AS WAR TAKES NOSE DIVE

Only the Red Army in Russia was fighting as the war took a nose dive and nothing but propaganda and speculation came out of the maze of comment by radio Tuesday.

The British were meeting unexpectedly strong resistance on Madagascar but Stalingrad was still holding against the Germans.

It was learned that Russia will ask the United States to break with Finland.

The situation was unchanged in the Pacific where the commentators said a vast amount of speculation was going on regarding a possible Japanese thrust.

## Season Tickets On Sale For Football

Football season tickets are now on sale.

Albert Collins of the Athletic Council received the tickets Tuesday and they are now on sale.

A committee will make a canvas for the sale of these tickets which are good for five local games, beginning Friday night when Caldwell comes here for the opening of the season in Cameron.

## To The People of Cameron

Your city government is greatly pleased to be able to announce that we have obtained an agreement with Chamberlain's Dairy to continue milk delivery for a limited period of time pending a solution of the price problem.

We know that you will be pleased to hear this good news and that the city government is doing everything in it's power to keep families, schools and all milk users supplied.

We will keep you informed on developments.

THE CITY COUNCIL.

## SCRAP DRIVE RESULTS ARE NOT YET KNOWN

Results of the scrap drive in Cameron are yet unknown.

Early Monday Dan Tyson, City Secretary and Treasurer, had on file weight receipts for nearly 6 tons or 12,000 pounds of scrap that had been hauled in since last week.

Mayor Green was expected to have another record and if all can be obtained in time the figures will be brought to the people on Tuesday. There was no question that the drive has brought in a large amount of scrap but nothing like what should have been.

There was some inclination to make a block to block canvas as was suggested.

Mayor Green said he would give a prize for anyone who bring in the largest number of keys. J. W. Haygood of Railway Express Company in 225 on one ring and this may get the prize.

Mr. Tyson noted with interest a contribution of fine metals made by the Herald. In this was a number of fine steel parts the value of which if replaced would aggregate about \$75.

The key barrel in front of the municipal building was far from full and an urgent appeal is made for all who have these old keys to bring them in at once.

## Food Handlers to End School Here On Thursday

Only two more sessions remain for the Food Handlers school which has been in progress here for some time it was announced Monday by Ralph Mitchell of the local health unit.

Only 68 merchants and food handlers have attended. There are some 30 to 40 more who should attend, it was disclosed.

The remaining days of the school will be to study sterilization and the proper way to handle utensils and dishes.

There is no way to over estimate the benefits of these schools and food handlers here are urged to attend.

### TODAY'S IMMORTALS

The following negro boys have reported for induction at the army center at Dodd Field in San Antonio. They left Cameron on Thursday, September 17th. Friends here among white and colored alike wish them well and congratulate them on the opportunity to serve the nation in this crisis. They are:

Claude P. Sansom, Lonnie D. Dotsey, M. G. Biggers, Clarence O. Aycock, Willie J. Anderson, Horace Cavanaugh, Jr., L. C. Lowry, Joe Dickens, Marlin G. Smith, Harvey J. Knight, LeRoy Burkes, Johnnie B. Thompson, Perryno B. Heard, Samuel Felder, Albert G. Whiteside, Willie Parks, Willie Mitchell, John L. Neal, Floyd Stowers, Hubert Briscoe, James Mosley, Scott Warren, Jr., and Elijah Williams.

### PRESBYTERIAN CHURCH

Preaching services both morning and evening will be held at the Presbyterian church Sunday. It will be the first sermon for the new Pastor, Rev. John Calvin Solomon. Both members and friends are urged to attend.

J. M. Askew of Baileyville transacted business in the County Superintendent's office Tuesday.

## CHAMBERLAIN DAIRY WILL QUIT BUSINESS

Cameron will have no adequate milk supply after September 30th.

H. G. Chamberlain, announced Monday that he will discontinue delivering milk in Cameron after September 30th.

Mr. Chamberlain said he could not continue in business because he cannot pay the increase in the cost of maintaining his dairy at present milk prices.

A petition to the Office of Price Administration asking for an increase in the price of milk to 14c per quart has not been acted upon.

Recently the Ford Dairy had to discontinue business and is selling milk to the government in Temple. At the present time Mr. Chamberlain will sell milk in Temple but plans to sell his dairy herd and get out of the business.

Retail dairy business cannot buy automobile tires to deliver milk to retail trade but can obtain tires to deliver wholesale. This problem is also weighing heavily upon Mr. Chamberlain's business.

Mayor Green was out of the city and could not be contacted. What action the city may take if any, could not be ascertained. It was generally agreed that the city could do nothing beyond use its influence to ask the government to rectify the situation.

Saturday night Alfred Jistel and Thelma Miller were married at the home of Judge Jeff T. Kemp. He is the son of Joe G. Jistel of Marak. She the daughter of Rudolph Miller of Hanover. They will make their home in Hanover.

From where I sit...

by Joe Marsh

WHEN I drop into Sam Abernethy's store, I usually come away with something worth rememberin'.

Sam's our town's most successful storekeeper and he's not one to do much talking, unless he figures he's really got something to say.

Last evenin' he said plenty.

Stranger was in the store. And Ben Ryder, Homer Bentley and some others were talkin' about the scrap collection when this fellow sort of horned in...

"I hear these scrap collections are a lot a bunk," he says. "Fact of the matter is, this junk they're gathering ain't no use for makin' steel. Just a waste of time gettin' it together..."

At that point Sam steps in.

"Jest a minute," he says, fixing him with a cold and steely eye. "May I inquire where you got them so-called facts?"

The stranger hems and haws, and Sam advances on him grim and unsmilin'.

"Name your authority, sir," he says. And he wasn't kiddin'! "Tell

us, where did you get all this inside, private information?"

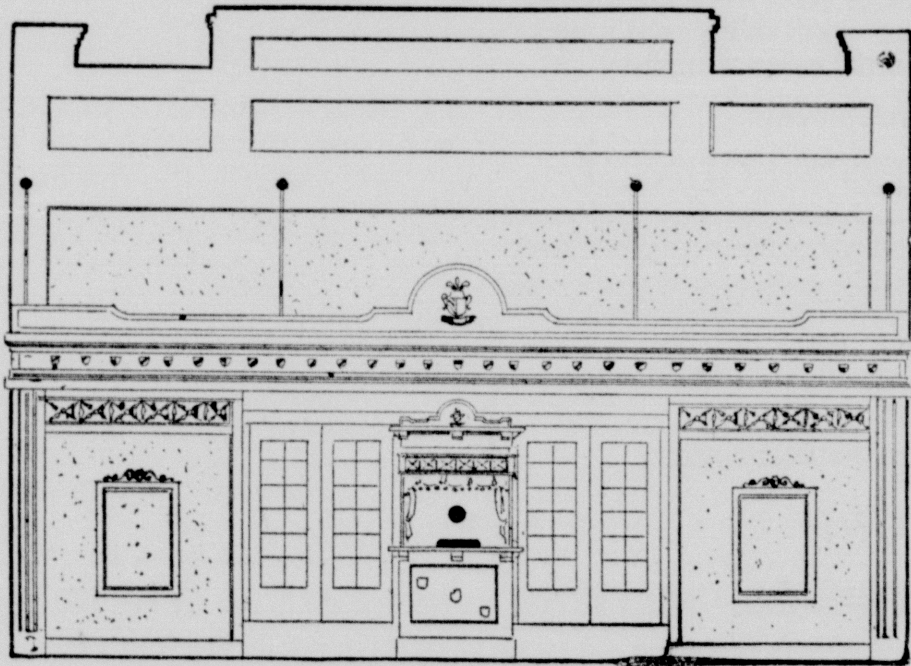

Well, sir, I never saw Sam so mad since Lem Martin's dog chased the cat into the pickle barrel. And I guess I never saw a man crawfish out of a place fast as that fellow did.

Thinking it over afterwards, I came to the conclusion that Sam's got the real system for handling folks who throw facts and figures around free and easy like.

Frinstance, I've noticed there's some pretty fancy fact and figure jugglin' done by some of those who oppose the right enjoyed by millions of decent people to drink a friendly glass of beer when they want to.

Lately I've been asking these folks the same kind of questions that Sam asked that rumor-mongerin' stranger. Try it yourself, next time you hear anybody making derogatory remarks—whether it's against the war effort... or just against beer.

## Local Bar Keeper Is Attacked Sunday

Bruno Aixman, local bar keeper, was attacked Sunday morning in Santa Fe town while on his way home, according to information to the Herald.

City Marshal Gene Smith, arrested Frank Tubbs who was charged with an affray and has paid a fine of \$14 in corporation court.

Aixman was suffering from a gash across his forehead which the marshal said was caused by a blow or a fall after he was struck by Tubbs.

Aixman claimed that Tubbs struck him with a wrench. City Marshal Smith filed charges in corporation court. Aixman, he said made no resistance and paid no fine.

It was said by the marshal that the trouble grew out of a difficulty between the men some time ago.

## BELGIAN POPULATION IS BEING EVACUATED

The population of Belgium along the channel coast is being evacuated by the Germans, said a London report Saturday.

Whether this action presaged a second front invasion of the continent or whether the population is being evacuated because of air raids was a matter of speculation.

Since it is presumed the United States and Britain will someday attack Germany, the coast line will continue to be in the limelight.

Stalingrad was still in the hands of the Russians. Hitler had not made his "important announcement." There was a blackout on the news for the day.

# One War Week

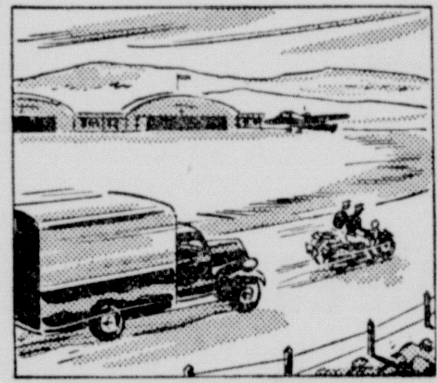

A calendar of events on one war job in one recent week gives a graphic picture of how General Electric is working to meet wartime emergencies.

1. THURSDAY: An order was received at an eastern G-E factory for equipment needed by a U.S. warship near Australia. A special call went out.

2. THURSDAY NIGHT: As many workers as could be efficiently employed on the job worked all night, all day FRIDAY, assembling the equipment.

3. SATURDAY: Under police escort, the equipment was rushed to a nearby airport. Traveling by plane, it arrived in San Francisco on SUNDAY.

4. WEDNESDAY: A bombing plane landed the equipment at its Pacific destination—10,000 miles from the factory—six days after receipt of order.

General Electric believes that its first duty as a good citizen is to be a good soldier.

## Live Rattler Is Brought to Herald

Want a live rattler snake, a little one, playful and cute?

He's at the Herald plant, brought in by Grady Tucker of Jones Prairie. Grady almost stepped on the snake. His mother caught the snake and put it in a jar.

A number of large rattlers have been killed in that neighborhood. This small one had a button and will soon be a year old. It is of the diamond back type and a deadly reptile, known largely to Texas.

## FANNING-KILGORE

Mr. and Mrs. W. M. Fanning announce the marriage of their daughter, Willie Ray to Rather Bowline Kilgore, Jr., on Sunday, September 20, in Boston Massachusetts.

The altar of Tremont Temple Baptist church of Boston was decorated with palms and tall baskets of white gladiolas forming a beautiful setting for the ring ceremony which was read by Chaplain LeRoy W. Raley, U. S. Army and brother in law of the bride.

Seated at the organ was Private Charles E. Richardson, U. S. Army who played the traditional Lohengins Wedding March. During the ceremony Private Richardson played softly, "I Love You Truly."

Ensign Jesse G. Bowman, U. S. Navy, served the groom as best man.

Mrs. W. C. Rousseau served as matron of honor and was the bride's only attendant. Mrs. Rousseau wore a costume suit of gray velvet with gray brown accessories. She wore a corsage of white gardenias.

The bride's costume was a street length dress of Air Corps blue alpaca. Her accessories were cherry and her shoulder corsage was a white orchids. The groom wore a suit of dark blue.

Following the ceremony the wedding party attended a breakfast at the Parker House. The hosts were members of the firm of E. B. Badger & Sons of Boston where Mr. Kilgore is employed at present.

Guests attending the breakfast were the bride and groom, Mr. and Mrs. E. A. Elleuge, Mr. and Mrs. D. Marshall Haas, Mr. and Mrs. W. C. Rousseau, Mr. and Mrs. John E. Bell, Ralph W. Clark, Ensign Jesse G. Bowman, Chaplain LeRoy W. Raley, and Private Charles E. Richardson.

Following the wedding breakfast, the couple left by plane for a few days honeymoon in New York City, after which they will be at home at the Hotel Statler, Boston, Mass. For the traveling the bride chose a green jersey ensemble with claret wine accessories.

Mrs. Kilgore is a daughter of Mr. and Mrs. W. M. Fanning of this city. She was graduated from Yoe High

School in 1935. Following graduation, she attended Draughan's Business College of Dallas. After serving as secretary of the First Baptist church of Cameron for several years, she entered Oklahoma Baptist University of Shawnee, Okla., where she was in attendance at the time for her appointment to a civil service position in the Department of Engineers, War Department of Galveston. She left Galveston on Wednesday, September 16, to go to Boston.

Mr. Kilgore is the son of Mr. and Mrs. R. B. Kilgore of Dallas. Following graduation from a Dallas High School, he entered the Southern Methodist University of that city where he received his Bachelor of Science Degree in Mechanical Engineering. For several years Mr. Kilgore has been in the employ of the Southport Petroleum Company of Texas City. Several months ago he was transferred to Boston to do special work for the Southport Petroleum Company.

## Cameron Schools Open With 1110 Enrollment

Cameron Schools opened here Monday with a total enrollment of 1110 pupils. This total did not include the enrollment at the Mexican school.

In Yoe High School the enrollment was 450 and may be expected to increase some. The Ada Henderson grade school showed a total enrollment 375 and the negro school reported 285.

Enrollment in the grade schools is expected to increase within a short time.

The opening of the school brought the usual program.

## NOTICE

TO MILK CUSTOMERS:

On September 30th I will discontinue the sale of milk in Cameron.

We regret exceedingly that circumstances force us to take this step but we are faced with a condition that makes any other decision impossible.

We have done everything possible and exhausted every means at our command to remain in business.

Our petition for an increase in the price of milk has not been acted upon. If we are successful in getting the increase which would enable us to continue we will be glad to do so, but this notice, unless rescinded will be our way of informing our customers we will not be able to deliver any more milk after September 30th.

After 16 years in business this is our most serious step and we regret more than we can tell you the necessity to quit the retail milk business. We want to thank each loyal customer who through the years has patronized our dairy.
